LCG Wins National Institute of Mental Health Software Development Lifecycle Management and Project Management Support Contract

ROCKVILLE, MD (June 28, 2021) – LCG Inc today announced a multimillion-dollar contract to support the National Institute of Mental Health (NIMH) in providing Software Development Lifecycle Management and Project Management Support.

"LCG is excited for the tremendous expansion of our application development and PMO support profile," said Conrad Kenley, President & CEO of LCG Inc. "This work addresses our customers' critical mission needs and confirms LCG's value that we bring to our customers through our employees' hard work and dedication."

LCG joins the NIMH Information Technology Branch in supporting software development, maintenance, security, and enhancement services required to support the agency's administrative and extramural business processes. Additionally, LCG supports the agency's Project Management Office, managing and executing IT Portfolios and Initiatives, enhancing the NIMH Technology Branch's responsiveness to agency stakeholders.

About the National Institute of Mental Health (NIMH)

The National Institute of Mental Health (NIMH) is the lead federal agency for research on mental disorders. NIMH is one of the 27 Institutes and Centers that make up the National Institutes of Health (NIH), the largest biomedical research agency in the world. NIMH is working to transform the understanding and treatment of mental illnesses through basic and clinical research, paving the way for prevention, recovery, and cure.

About LCG Inc

Since 1994, LCG has supported Federal Information & Technology (I&T) Organizations to bring precision technology to achieve mission capability and performance success. Our approach centers around providing technology as enablers to deliver government services. It has been a priority of our firm to bring emerging technology capability to transform how the government operates, collaborates, and interacts with citizens.
